

Friends of the Jemez Springs Public Library
Human Sunclock Circle of Stones

The Friends of the Jemez Springs Public Library sponsored the construction and installation of a Human Sunclock in the Village Park as a lasting gift to the Village. The ground-level Sunclock is designed so you can use your own shadow to tell the correct time.

The Sunclock is surrounded by a circle of stones inscribed in honor of our friends and families. You are invited to add more stones. Donations are \$15 for each name. (*Couples and family stones count as two names.*) All funds support the Friends of the Library and Jemez Springs Public Library projects and services.
