Librarian Notes review of April 2025   Amanda Lewis

- **Special Programs:** Earth day along with Tom's talk went well. The talk had 71 attendees.
- **Coming in May:**
  - We are going to start hosting movie nights again, the first one will be May 24th at 5 pm in the conference room.
  - Rose Marie will visit the school to distribute flyers for the summer reading program.
- **Summer Reading Program**-The planning is well underway for summer reading programs, thanks to Rose Marie and all her hard work we will have another great summer of events, including Santa Fe Raptor Rescue, Explora! and Dot the Storyteller.
- **4th of July**- We will be meeting with Andrew as soon as possible to figure out what the library will be doing for 4th of July, typically we have a float, but we have discussed other options as we don't have a truck to use at this time.
- **Library projects & system improvements**:
  - A new full-size refrigerator was purchased by the FOL in support of staff and the Summer Reading Program along with any other event that requires freezer or fridge space.
  - The shelves in the children's area were temporarily fixed by Chad until funds for new shelving can be secured.
  - The leftover items from us being out of the library for construction (shelf boards, displays etc.) will be taken to storage at the Community Park and that corner will be cleaned, and a table and public access computer put in that space.
  - A new work email was created for me, and it is not a shared staff email. The shared staff email was kept using for print jobs etc. as all staff, including subs, can access it.
  - Hailey, Damien, Nancy, and Roz, have all had basic training as subs
- **Regular programming:** the May Challenge – Park Olympics (ages 8-18), Dungeons & Dragons (ages 12 to adult), Stretch & Strengthen, Storytime (ages 0-5), Homeschool Meetup, and Book Chat.
- **Thank you to the Friends of the Library and the Library Board for all their support this month with library functions.**

Library Board Agendas (prior to the meeting), and Librarian Notes and Library Board-Approved minutes (minutes are typically reviewed and approved at the subsequent board meeting) can be found on the library website here: https://jsplibrary.org/board-meetings/
